“Finding your purpose!”  
Autumn 2010

Please join us if you are:

- Seeking to live God's purpose in your life
- At a point of transition in your life or career
- Thinking of making changes but undecided as to exactly which direction to take
- Addressing conflicts between your own values and those operating in your work environment

“Finding your purpose!” will give you the opportunity to step back from daily routine to :

- Gain clarity and purpose about your future direction
- Reflect deeply on the areas of your life that are important to you
- Explore your life and career from different perspectives

The programme is designed around 10 evening sessions and everyone has access to an exciting online vocational software tool (<http://www.maperio.org/> Creative Metier's *Maperio*<sup>™</sup>) and/or a hard copy workbook with a section of associated Bible readings.

In pairs or group sessions everyone has the opportunity to share experience, reflect on the Bible and discover a life aligned with their deepest aspirations and in tune with God's purposes. We have been achieving profound results for participants as they connect with their calling.

“It was good for me to think about dreams and hopes for the future, as I do not generally ‘allow’ myself to have dreams but just accept what comes my way and get on with it.” (JT)

“Its been a really great opportunity to reflect on my career and life goals in a communal context. I would recommend it to anyone unsure of the next step.” (SK)

“Brilliant! I would definitely recommend it to people. Thanks and well done!” (AL)
