

## Mobilising young people to speak up for justice and religious freedom

*Take a stand for justice by joining **Outcry**, Christian Solidarity Worldwide's youth and student programme. We are a passionate movement of young people who speak up for those who are persecuted for their faith, making a difference through prayer and by campaigning for religious liberty and human rights. Download our free 2010 Clamour pack, and get your group involved in; protesting on behalf of a Christian in China who has been imprisoned for distributing Bibles; taking part in our 'Church Cancelled' fundraising event focusing on young Christians who face challenges in meeting together; and praying for Christians in Eritrea who put their freedom on the line when they share the Gospel. Visit [www.outcry-uk.org](http://www.outcry-uk.org) today to get involved!*

The 2010 pack will help you can your group to find out how Christians in other countries deal with the realities of persecution on a daily basis.

Your group can get involved in standing up for those who are persecuted for their faith by...

Protesting on behalf of a Christian in China who has been imprisoned for distributing Bibles.

Taking part in our 'Church Cancelled' fundraising event focusing on young people who face challenges in meeting together.

And praying for Christians in Eritrea who put their freedom on the line when they share the Gospel.

### So what's in the pack?

This year's pack includes three sessions for your group to get their teeth into, each session is broken down into sections which you can mix and match depending on the interests and maturity of your group. Each session contains ...

- Background info for the leaders
- Ice breakers
- Case studies
- Bible studies
- Discussion starters and
- Actions that your group can take.

## What will my group get out of it?

I hope that through discovering the stories of the persecuted Church and working together to make a difference in their lives, you will see a difference in your group too. If you complete all three sessions, I hope your group will have a deeper understanding of...

- The value of God's word for Christians and in their own lives.
- The challenges of friendship evangelism.
- What it means to 'be Church'

At the very least, it should stop any moans about hard church chairs or hymns for a few weeks!

## Sounds great! Where do I download my pack?

Now that you've signed up, all you have to do is [click here](#) to download your pack and supporting materials. You may need to come back to the website to allow your group to take part in some of our online actions, so make sure you bookmark the URL.
